Education, Mother, Conveyence & Property

At the time of your birth, the Sagittarius sign was rising in the fourth house. The general trend indicated by this is that you will be brought up in a typical Indian home, in which the mother dutifully plays her conventional role. She will be an obedient wife to her husband, not interfering in his affairs, but advising him only when the occasion warrants it. And she will be a loving mother to the children, sparing no effort to provide them with the atmosphere required for achieving high academic qualifications. On your part, you will live up to her expectations, scoring a top degree in literature, science, accounts, mathematics or statistics. You may also gain some knowledge about the occult sciences, there by possessing some power of intuition.

It is probable you will get a share of the ancestral property. Your idea of making good use of it is to construct a big house so that you can accommodate guests also. You are particular in decorating your home luxuriously to make a good impression on others.

As you are a show-off, you would want to own a vehicle in keeping with your status. And since you are likely to be well placed in your profession, you may as well go in for a sleek automobile.

You are aware that drinking and smoking may, at least in later years, affect one's heart and cause one to suffer from asthma. Yet, if you cultivate those habits, you will have only yourself to blame.

You in particular are likely to encounter some hurdles because of the presence of the Sun in Sagittarius in the fourth house. Though you will acquire sizeable assets and command public respect during your long life, you may not be fortunate enough to enjoy a happy homely life. You may have to suffer in silence, especially in your old age, when you will be subjected to some restrictions and limitations.
